Originating in 1959 in Queensland, this exciting programme engages Rotary clubs around the world every year to help the next generation of leaders expand their skills. The **RYLA** programme is an intensive, live-in camp, where participants are recognised as current and future adult leaders.

**RYLA** is very much about collaboration and enjoys substantial goodwill within the wider community, each year attracting cooperation from community and cultural organisations, business, as well as civic and national leaders. Each supporter understands the long-term benefits our young leaders gain from their **RYLA** experience.

**RYLA** is facilitated by a passionate bunch of Rotary volunteers who facilitate an extensive programme of interactional activities and workshops within a positive and supportive environment. This is enhanced each year by a handful of previous attendees of **RYLA**, who return to play a peer-mentoring and support role and who assist running the **RYLA** programme as team leaders.

**RYLA** brings together individuals to harness creativity, diversity, inspiration, and energy to cultivate personal growth, challenge limits and empower long-lasting meaningful change. Participants engage in workshops, activities, group discussions and interactions with other like-minded adult leaders from all walks of life, and for many this is life changing. Participants will also make valuable vocational contacts, new networks, and amazing new friends.

More than 25,000 young leaders graduate from **RYLA** courses each year around the world. It helps to develop self-confidence and a wide range of personal skills such as planning, personal organisation, public speaking and helps participants to understand the requirements of many aspects of personal leadership, community, and business. Simply put, the **RYLA** programme is designed to grow young leaders and provide the resources for them to thrive and to go on to empower other young leaders.
